

## **Enhanced Prescription Benefits for San Francisco Electrical Workers**

Dear Indemnity Plan Member:

Beginning August 1<sup>st</sup> 2006 you will now have the option of obtaining maintenance prescriptions written for an 84 day supply but *not greater than* a 90 day supply exclusively at the retail chain pharmacy **Longs Drugs Stores**. You will continue to be responsible for the 20% copay for both brand and generic medications at the time of purchase.

Although the Plan allows members the opportunity to purchase a 90-day supply of maintenance medication through mail order, this benefit has been added as a convenience to allow members the ability to purchase a 90-day supply at retail. Please note, however, that San Francisco Electrical Workers members will continue to be limited to a 30 days supply for all prescriptions filled at any other retail pharmacy other than Longs Drug Stores.

To locate a **Longs Drug Store** pharmacy near you, please visit the RxAmerica website at [www.rxamerica.com](http://www.rxamerica.com) or call the RxAmerica Customer Service Help Desk at 1-800-736-2774.

If you have any questions about your prescription drug coverage or ordering maintenance prescriptions, please call the RxAmerica Customer Service Desk at 1-800-736-2774.

Sincerely,

RxAmerica
