

RxAmerica Home Delivery implemented a credit policy to ensure efficient delivery of medication by collecting payment prior to shipping. It's a standard credit policy used by mail service facilities in the Pharmacy Benefit Management industry.

The following payment options are no longer available:

- Invoice
- Cash
- Electronic Transfer Funds/E-Check

The following payment options are available:

- Credit Card/ Debit Card payment authorization for all current and future prescription orders. This authorization will help expedite the shipment of all subsequent orders and is the preferred method of payment.
- Credit Card/ Debit Card only for the current order. Using this option will require you to provide a credit or debit card for each order placed. Orders sent or called into RxAmerica without payment information will be delayed until we receive your payment information.
- Check or Money Order payable to RxAmerica Home Delivery sent in with your prescription requests.
