**Special Notice Regarding Plan Status
Northern California Electrical Workers Pension Trust**

Plan Name Northern California Electrical Workers Pension Trust

Employer Identification Number 94-6062674

Plan Number 001

This is to inform you that an election has been made under section 204 of WRERA to treat the plan as being neither in endangered nor critical status for the plan year beginning on January 1, 2009. Federal law requires that you receive this notice.

Without this election, the plan's actuary has certified that the plan would be in endangered status for the plan year beginning on January 1, 2009.

This election applies only for the current plan year. If the plan is certified to be in endangered or critical status for the year beginning January 1, 2010, the plan sponsor will provide notice of the plan's status (i.e., endangered or critical) for that year and steps will have to be taken to improve the plan's funded situation, which may include increases in contributions and reductions in future benefit accruals.
